Experience

Golden Express has over 20 years of experience in courier/messenger/same day/rush and freight delivery anywhere throughout Northern California. We provide excellent always-on-time service for firms, companies, hospitals, centers, groups, retailers, and labs throughout Northern California.

Safety and Liability

Golden Express Courier understands that materials being delivered are extremely sensitive in nature. We only use drivers that are employed and trained by the company. Other courier services use untrained independent contractors to reduce their operational costs, which creates safety and liability issues that put your sensitive materials at risk. As is customary with our service, signatures, time, and date are recorded at each location for enhanced security and record keeping purposes.

Professionalism

All of our drivers are uniformed, groomed, and wear identification badges for increased security.

Competitive Rates

Golden Express offers the most competitive rates on courier/messenger/same day/rush delivery anywhere throughout Northern California. You can view our rates via the quick and convenient calculator on our website or via the rates table in this brochure
